## Post Covid Emergency

Same management: new needs: Spaces and Health.

Palazzo de Rossi one of the first residences designed to leave the cities after the municipal struggles: to relaunch the economy of the time in the healthiness of the fields.

Today the same: you can go back to live together by communicating directly, respecting the distancing with the abundance and variety of spaces available, in a healthy and natural environment, in a context of great historical value and environmental charm. Congress Area: the large size of the spaces allow to hold different types of events in compliance with the distances required by the rules gradually in force and with natural ventilation. The 600 square meter Court of Honor covered by a very large sail of over 600 square meters is an open space but protected in case of bad weather and still allows meetings with many people.

Green Area: being located in an agricultural property of 300,000 square meters, lapped by the Reno River, protected on the east side by Balzo dei Rossi where a pair of peregrine falcons nests, there is space available for every event that can also be held outdoors with usable green areas (with different sizes), perhaps the highest available in the Region for this purpose (with the possibility of insurance coverage in case of bad weather).

Residential and Hospitality Area: possibility of staying (in hotels or apartments) with loved ones or collaborators in a fascinating and natural context; but only 20 minutes from Bologna. Borgo Antico has a hotel with 16 rooms and 12 apartments with 34 rooms in total, 5 of which are singles, 29 doubles and 3 triples. Our standard chooses excellence (education, courtesy, cleanliness, sanitation, understanding).

Food Area: Nonno Rossi restaurant offers the immortal specialties of traditional Bolognese cuisine with a guarantee of social distance either in the dining rooms or outdoors, cleanliness in nature in a historical context of great charm.

Accommodation Then: in Bologna (at Palazzo de Rossi).
