

Si Produzioni

Overview

Si Productions has been for more than 20 years at the service of companies and organizations who want to engage and inspire their target audience, whether employees, customers, consumers, stakeholders. It organizes conventions, tours, road shows, brand activation, booths, set designs and art installations. Specifically, the agency provides format conception and design, script development, schedule definition with artist research, time and cost analysis, coordination and supervision, online event communication support. Si Productions uses technology and creativity to combine physical and digital worlds in events as well.

Sustainability

The agency designs events and initiatives with high ecological value, thanks to highly valued collaborators and scientific partners. Sustainability-themed events and shows create a significant image return and catalyze media attention, contributing to community awareness. Since 2018, Si Productions has acquired Eugea, a brand that promotes environmental culture and markets eco-friendly trees, butterflies, and gadgets.
