## Overview

Grand Tour Italia is an agri-food park that offers a journey through Italy's 20 regions, an immersive experience in their cultural, historical, enogastronomic and panoramic richness. In the park's restaurants, one for each region, it is possible to taste an unparalleled offering of all that Italian cuisine has to offer. The facility lends itself perfectly to the organization of events, including congresses, product launches, conferences, exhibitions, live shows and corporate conventions. The 950 sqm plenary hall, divisible into 2 or 3 units, can accommodate up to 950 people, while the 1,063 sqm foyer is perfect as a reception and registration area for participants and for exhibitions, sponsors and dinners. The 6 versatile and well-equipped classrooms range from 70 to 230 square meters and accommodate up to 130 participants.
