

Palazzo Albergati

Overview

A pristine place, surrounded by a centuries-old park, a few minutes from the city center, where the view is lost between the plains and the rolling hills. Frescoes, original furnishings, furniture and paintings, everything is still as it was then and is today the setting for the most prestigious events. Today the Palazzo is available for company meetings, weddings, conferences, exhibitions. Palazzo Albergati has four levels for a total of 12.000 square meters of space available, surrounded by a centuries-old park. The Palazzo can be rented entirely or per floor (wine cellars, ground floor, first and second floor). All the internal spaces are connected by lifts and freight elevator.
