

Il Moro Restaurant

Overview

Via dei Falegnami and Via Augusto Righi were once a single medieval street outside the 12th-century city walls. The area was home to many wood artisans, thanks to the nearby Reno Canal, used to transport logs from the Bolognese hills and to power water-driven sawmills.

Ristorante Il Moro, set in one of medieval Bologna's characteristic streets, combines warm hospitality with traditional local cuisine and a touch of innovation.

Wine cellar with a wide selection of local and national labels.
